

Pencarrie

Electric Delivery Certificate

Measuring, reducing and communicating our carbon impact to support your decarbonisation journey

Statement Details

In 2025 we delivered

130,528

parcels to your customers on all-electric vehicles which is 19.45% of your total parcels

Saving

36,026kg

of CO₂

DPD continues to invest in its all-electric delivery fleet which is now over 32% of our final mile delivery fleet

As a part of Geopost we have a fully validated SBTi net zero target for a 90% reduction by 2040 set against a base year of 2020
